

Worldwide Nation

HIGH VIBE PLEDGE

I pledge to allow Worldwide Nation Cultural Development Fund Inc. to make use of my creative works in effort to promote musical sound recordings in the forms of electronic, manufactured copy, and video presentation that are intended to inspire positive change in the development of cultures. It is understood that the organization's desired inspiration will involve encouragement towards acts of love, healthy and productive habits, and expressing insightful ideas about abundance and well-balanced lifestyles. And I am granting permission for unlimited use of my selected material in supporting the cause and purposes of the organization. By signing this document, I award joint mechanical licensing and shared publishing rights to Worldwide Nation Cultural Development Fund Inc. for reproduction, duplication, sampling, and performance of the composition.

In exchange for Worldwide Nation's free use of my works, I agree to receive studio recording time, production, audio mixing, and editing services free of charge. This agreement will pertain only to the creation of works selected with specific intention to serve the purposes of the organization. Any services outside of this scope will be performed at normal commercial rates and without obligation.
